Coach Evaluators:

A Coach Evaluator's role is to contribute to the development of coaches after they have acquired their NCCP training. This includes assessment, evaluation, debriefing, and follow-up with coaches trying to achieve Certified status. Coach Evaluators are experts in the observation process and have in-depth knowledge of the evidences that comprise the evaluation tools that establish NCCP standards for Certification as a Gymnastics Foundations coach.

NCCP Coach Developer Pathway (Evaluator):

Training & Certification of Evaluators

- NCCP Core Training for Coach Evaluators must be completed prior to the Sports Specific Training (unless written permission has been granted by the PSO).
- Training will include instruction on evaluation methodology, portfolio evaluation, observation evaluation and tools to conduct them. Evaluators will practice evaluating and receive feedback on consistency while observing a coach in process.
- Upon successful completion of the training workshop, evaluators will complete a co-evaluation with another Coach Evaluator in order to complete their training.

Evaluators should display these recommended characteristics:

- Knowledge of the NCCP Gymnastics Foundations Certification Process
- Knowledge of the NCCP Gymnastics Foundations content delivery
- Minimum NCCP Gymnastics Foundations Certification (or previous Level 1 Certification)
- Credibility within the sport community (or club level)
- High ethical standards and leadership skills
- Recognized technical and coaching expertise
- Desire to see sustainable coach certification in the sport of gymnastics
- Ability to commit time to the evaluation process, including mentorship of coaches seeking evaluation
- Ability to be critically reflective, ask questions, listen to the coach candidates, and understand the entire situation when considering the competency of the coach to meet the minimum standard for certification
- Ability to manage administrative aspects of the evaluation process
- Ability to correctly interpret the evidences provided by the coach in the evaluation
- Willingness to complete formal training and correctly utilize the evaluation tools in a co-evaluation setting

Evaluators must attend CCP Coach Evaluator Core Training module prior to this training.
